### Important Information:

**August 9<sup>th</sup>.** Administration Team Meeting 9:30 to noon. Ballot prop Training 1:00-3:00

**Community teams** are requested to help organize ONE general meeting per year – they are listed on the calendar or in the 'Important information' sections.

(Phoenix – November, EV – February, Scottsdale - May)

All Members are asked to attend ALL of the general meetings if possible. We hope that you will want to attend other meetings as well – such as the new Brown Bag Politics series.

Additionally aside from any other meetings you may wish to plan, community teams are STRONGLY encouraged to provide a chair, committee members or oversight to a STUDY. You might use your 'unit' meetings for this very purpose. Please take this seriously. [If this leadership does not come from the CTs we may not participate in the two upcoming and interesting national studies.] And as always, local studies are interesting to everyone. We have material on how to run a study if local, and if it is a state or national study, the materials will be sent to you and chairing the effort is mostly an organizing task.

### For Information Director.

- The phone/contact chart is due at every administrative team meeting.
- The first of each month an additional calendar (current & next) should be posted on-line
- Directory of Elected Officials to be kept always current ON LINE.

Membership booklets – to be prepared by September 16<sup>th</sup>. They should be on annual August calendar to be finished for the first general meeting (with help of Development chair).

**Important Information:**

**September 16<sup>th</sup>** Open House for New League Office, followed by Constitution Day Forum (flyer & announcement to follow). Team members and other volunteers asked to be there by 5:00 for set up.  
Membership booklet preparation to be completed.

**This reminder will be sent out again.**

We have two national studies to consider. We will need a community team or a special study committee, and a chairperson (not on the Admin team) if we are to participate in these studies. THIS IS UP TO MEMBERSHIP. The studies are the role of the Federal Government in Education **and** Privatization of Government Services. Background materials will be supplied by LWVUS. These are in addition to any local or STATE League studies that are adopted or that you wish to encourage us to do.
